

LONG VU

Ho Chi Minh City, Vietnam | +1 (646) 348-0781 | khangkeo99@gmail.com | [LinkedIn](#)

EDUCATION

Millbrook School — Millbrook, NY
High School Diploma — GPA: 4.2 (Weighted)

Graduated: May 2026

SKILLS

Office & Productivity: Microsoft Office (Excel, Word, PowerPoint)

AI Tools: ChatGPT, Claude, Microsoft Copilot, Prompt Engineering

Data & Analytics: Data Science, Exploratory Data Analysis, Data Processing, Data Quality, SQL, Power BI, Applied Machine Learning, Generative AI, AI Product Strategy, Data Ethics

CERTIFICATES & AWARDS

- Certificates: Introduction to Generative AI for Data Analysis; Data Processing and Optimization with Generative AI; AI For Everyone; AI Prompting for Everyone; AP Scholar with Distinction Award.
- International Youth Business Competition 2025 — Gold Medal, Entrepreneurship Tournament (IYSA; 100+ teams).
- Vietnam Youth Start-up Challenge 2024 — 4th Place Nationally (FutureEd & Summit Education; 50 teams).

EXPERIENCE

MBS Securities (MB Securities JSC) — Ho Chi Minh City
Stock Broker Intern

June 2026 – Present

- Shadowed brokers to learn how client orders move from intake to execution, and sat in on market briefings to build a baseline in equities and trading mechanics.
- Helped track daily price movements and put together simple market-summary notes for the team.
- Supported the desk with light research and data entry, gaining first-hand exposure to daily brokerage operations.

PROJECTS

Lumiere Research Program — Remote
Student Researcher (Retail Contexts)

2025

- Co-authored a faculty-supervised, mixed-methods research paper comparing consumer behavior at Whole Foods (U.S.) and WinMart (Vietnam), using a Google Forms survey of 30 shoppers (15 per market) and Excel-based statistical analysis, including chi-square and t-tests.
- Uncovered statistically significant differences in shopping frequency ($\chi^2 = 12.41$, $p < .01$) and average spend per trip ($t = 4.28$, $p < .001$), concluding Whole Foods shoppers are quality-driven and high-spending while WinMart shoppers are price-sensitive and frequent.

Revenue Analysis Dashboard — KPIM
Data Analyst

2026

- Built an interactive Power BI revenue dashboard ("Phân Tích Doanh Thu") with KPI cards tracking revenue against plan, prior year, and growth %, plus donut breakdowns by district and product category.
- Designed a 100%-stacked bar chart of store performance against target, month-over-month trend charts benchmarked against plan and last year, and a manager-level performance table.

LEADERSHIP

The Nest Project with Big Brothers Big Sisters Vietnam
Founder

January 2025 – Present

- Generated \$1,000 in funding by managing the supply chain and sales of 6,000 agricultural units — tracked via Excel — to finance donations of toiletries, school supplies, and snacks for underprivileged youth.
- Led a 5-person volunteer team to launch social media campaigns reaching 440+ people, maintaining a 90% response rate across 150+ customer inquiries.
- Organized the 2025 Mid-Autumn Festival for 80 children with the Academy of Civil Servants at SOS Village Go Vap, directing lantern competitions, food stalls, and supply drives.

Give a Little, Plan International Vietnam
Finance Team Member, Paid

March 2024 – May 2026

- Managed capital budgeting and revenue auditing for fundraising marketplaces, raising \$2,000 to help fund clean-water and community infrastructure projects.
